ABOUT ME

I am a person committed to my dreams and my ethical principles. Born in the city of Cruzeiro, State of São Paulo, Brazil, where I currently live with my parents, who support me and advise me on the best ways for my future. Living in different places has never been an obstacle, because I always try to get knowledge and opportunities regardless of location. My professional goal is to be the mediator between the information technology sectors and business of a company. My wish is to make my work makes a difference in a positive way in the lives of people and corporations.

PROFESSIONAL EXPERIENCE

Santa I/O - Digital Art Studio and Creative Solutions.
Web Developer - *06/2016 - Currently*

My main responsibilities:
* Make corrections following daily tasks;
* Working with version control using GIT;
* Developing with HTML5, CSS3, JavaScript, AngularJS 2, NodeJS.

Government Employee at City Hall - Cruzeiro-SP – Brazil.
